

*Leah Bell, OTR/L, CBIS*

Leah Bell graduated with a BS in Health Studies and a Masters in Occupational Therapy from Texas Woman's University. She has been working at Pate Rehab for 10 years with individuals dealing with various brain injuries. She is a Certified Brain Injury Specialist and holds a certification in Low Vision Therapy as well. Her focus on vision therapy includes rehabilitation of the visual system and improving the overall independence levels of patients dealing with visual and perceptual deficits from acquired brain injuries.
